2000

Skills

- Java
- C
- C++
- Python
- Go
- · Data structures and algorithms
- Javascript

Projects

ChromeX

Developed a search engine without ads which is much faster and also lower in energy consumption compared to other Search Engines

Food Delivery App

Created a food delivery app using Java in Android which lets user's order food from nearby locality and charges accordingly to the distance.

Dog Recognition

Created a dog Recognition system using Tensorflow object detection which uses camera and detects whatever dog is shown in it.
